2020 LL 20-POUND SOLVENT-FREE, 100% NEW COTTON FIBER VELLUM. For use with high resolution laser printers to make negatives from which printing plates can be exposed. Also for making silkscreen positives from computer created artwork. Silkscreen positives can be exposed directly to the screen for printing. In both situations Laserline permits bypassing camera room chemicals to prepare ready to use printing plate negatives or silkscreen positives. Excellent toner receptivity on all desktop laser printers for uniform, dense black areas and sharp, distinct black lines. Environmentally friendly vellum will not scratch or fog drums. Perfect images time after time. Recommended by leading high-resolution laser printer manufacturers.
